

# RACE<sub>TO</sub>SCALE

## THE WINNER'S PODIUM ROUND ONE INCANTHERA

Incanthera is the first recipient of scale-up finance from Race to Scale's £100 million funding pot

The oncology company received a £150,000 funding pledge from IW Capital

### About the winning pitch

Incanthera pitched to over **400** investors at Crowdfunders Live: The Science of Crowdfunding

Incanthera live pitched with three other businesses

### About the winners Incanthera...

progresses pioneering technologies and drug programmes that target solid tumours through to early human clinical trials

is a revolutionary cancer treatment company

bridges the funding gap that inhibits research from becoming commercially viable cures

was established in 2010

is now based in Manchester, with research facilities in Bradford and Salford

is a spin-out from the University of Bradford

is still actively raising further funds to support the trial of a revolutionary new 'smart bomb' treatment
